- Create your account
- Insert the below prompt and create your book title
- Make sure to put your topic name by replacing the word “TOPIC”

Select a three-word title that immediately captures the essence and breadth of TOPIC. Start by identifying the core concept or unique selling point of your work. Focus on powerful, evocative words that convey the depth and significance of TOPIC. These words should be memorable, impactful, and able to stand alone in conveying the theme of your book. Consider a combination that includes a noun representing the main subject, an adjective that describes the unique perspective or state of the subject, and a verb or gerund (-ing form) that suggests action or exploration. The arrangement of these words should flow naturally and strikingly, creating intrigue and inviting potential readers to dive deeper. This concise, three-word structure is designed to grab attention, evoke curiosity, and make a lasting impression, ensuring your book stands out in its category.

👉 ASSIGNMENT #2 :

- Go to <https://ideogram.ai/t/explore>
- Create your account
- Insert the below prompt and create your book Cover
- Make sure to put your topic name and your book title by replacing the word “TOPIC” and “TITLE”

Design a captivating book cover for the non-fiction title 'TITLE', making sure the title's spelling is perfect and it takes center stage for ultimate impact. The title should be featured in a bold, clear font that mirrors the essence of TOPIC, positioned prominently to command attention. Choose typography that complements the subject matter—whether it's robust and commanding for themes of leadership, sleek and futuristic for technology topics, or refined and traditional for historical narratives. Incorporate background imagery or design elements that subtly enhance the TOPIC, offering visual context without compromising the visibility of the title. Opt for a color scheme that creates a

stark contrast, ensuring the title is vividly distinguished from its background, while also subtly reflecting the mood and theme tied to TOPIC. The entire design should underscore the title as the primary focus, catching the viewer's eye instantly and conveying the book's content accurately. Aim for a size of 1600 × 2560 px, ensuring the cover is visually appealing, communicates the theme of the book at a quick glance, and directly engages the target audience interested in TOPIC.
